### All about Guinea Pigs

#### Guinea Pigs are tailless rodents.

They reside in cages since they are not like cats and dogs where they freely roam around. You can take them out for play time. They are great pets for kids and people who might not be fond of cats and dogs. They eat pellets which are cereal like, Timothy hay, they can eat various fruits and vegetables that some the have to eat in moderations. For instance, bananas they can eat but they have to eat it in moderations.

#### What you need for your new friend.

1. Vitamin C Treats.
2. Timothy hay.
3. Toys.
4. Cages.
